Scils
Social Care Information & Learning Services

JULY—OCT 2020

Report on social care providers use of the Scils resource to support learning

July—October 2020 had the highest number of people accessing learning materials with a total **4,656 items accessed**

July—Oct 2020 saw log on's totalling 4,656 with **2,022 for July alone.**

Over this 4 month period 2,427 news items, resources and access to discussion boards were accessed

New log on registrations **up 12%**
New providers joining up 18%

During this period, private Homecare access to Scils dropped again, this time by 27%, which may be related to continued pressure on their services

NHS Adult services had the highest log on's with 1,041 people accessing training & resources

Have you logged on to see how Scils can support your workforce?

If not, please click [here](#) and open the 'Training Tab' to find out more about Scils and the registration code to set up your free log in.
